

These **two plastic eggs** represent the new life we receive through the resurrection of Jesus on Easter Sunday. Each egg contains a note with a small service project you can perform to answer Jesus' call to serve others.

Each note also has a **Pentecostal flame** on it to remind you of the fact that Jesus sends the Holy Spirit to be with you as you serve God by serving others.

INSTRUCTIONS:

- **Open one of these eggs now and complete the service listed.**
- **Eat the jellybeans inside the egg once the project is complete.**
- **Keep the other egg until Pentecost on May 23. Open it on that day and eat the jelly beans once that service is completed.**

May the Holy Spirit “**fire you up**” as you serve others as the Holy Spirit fired up the Apostles on Pentecost.
